Left Foot Accelerators

We manufacture our own Twin Flip Left Foot Accelerators that come with a 3 year warranty and free back to base servicing.

This adaption provides two accelerator pedals, one either side of the brake pedal allowing you to pull down either the left or right one to use with the other one going up out of the way. These can only be fitted to automatic vehicles.

We also do Left Foot Accelerators with a Pedal Guard for Organ Style Pedals (the accelerator is hinged from the floor upwards). We would fit a left foot accelerator pedal and put a pedal guard over the right pedal.
